

EXCLUSIVELY FOR KENWAL FAMILIES

Join us on **Wednesdays** for our

SUMMER Robotics Series:

Children in grades 1-5 attending **Kenwal Day Camp** may take part in our **Summer Robotics Series**. A different workshop will take place each Wednesday starting week 2 culminating week 7. Our robotics programs offer:

Hands-on projects building and animating LEGO® robot

Creative themes for each class, from space adventures to wild safaris

A unique way to learn teamwork, problem solving and STEM skills!

Sylvan's highly trained Robotics instructors excel in small group instruction and foster a positive, motivating and exciting learning environment by rewarding students' attitudes, efforts and creativity.

All classes will be on site at Kenwal Day Camp

Cost: \$30 per workshop payable to Sylvan Learning Center.

Advanced registration required. Deadline to register by phone is 5/15/19

Register for multiple dates to give your child the best experience.
Each day is a completely new build and challenge!
